

– Job Vacancy –

Mobile Seed Processing Operative Gloucestershire & Herefordshire

Due to impending retirement - Goldingham Contracts Ltd are looking for a new operator to join our Mobile seed processing team. The operator will be responsible for running one of our mobile seed cleaning/dressing machines.

The lorry mounted processing equipment is designed to remove impurities from grain (cereals, oil seeds & legumes) to provide farmers with high quality seeds for planting.

The candidate should have:-

- Good mechanical knowledge to ensure smooth + efficient running of machinery
- Fast learning + Problem solving skills
- Good attention to detail to maintain top quality seed output.
- Good timekeeping + organisation
- Capable of managing small team (operator + assistant)
- Ability to work sensibly & safely
- Category B driving licence.

Full training + relevant qualifications provided.

Previous experience of materials/grain handling equipment + experience of driving large vehicles may be beneficial but not essential.

The work is seasonal-part time January-March & Full time mid August-mid October, ideally suiting a self-employed person who can fit the work around other commitments. *There are also further opportunities available for the right Candidate.*

Remuneration - Very Good Tonnage based + generous allowance for suitable support vehicle if own provided. *Top quality hard work is rewarded!*
